

Amerilife Agent Testimonials

Lee Jay Hart

General Manager, Amerilife and Health Services of Polk County

I have been with AmeriLife and Health Services for 10 years and currently the General Manager at the Polk County office in Winter Haven, Florida. AmeriLife has given me an opportunity to excel in my career not only financially but professionally, as well. I have been fortunate to find a company that offers many tools to help a person to be successful such as; multiple insurance companies to represent, competitive products, a support system, and the opportunity to have ownership at my current office location. To be able to control your destiny is an awesome opportunity.

Prior to my position with Ameri-Life, I was a Law Enforcement officer for 5 years, graduated from The Florida State University with a Bachelor Degree in Criminal Justice and started my Master's Degree in Public Administration.

I believe that a career with AmeriLife can change not only your life but give you an opportunity to fulfill your family's goals and dreams. With hard work, dedication, perseverance, and determination you have the tools to be as successful as you choose. My motto is "If you believe it, you can achieve it". Take advantage of the system in place and work hard to achieve your goals!

Jessica Valverde Mora

Branch Leader, Amerilife and Health Services of Asheville

In May 2009, I had an interview for a part time job as a telemarketer. That interview changed my life. I started working with AmeriLife in June of 2009. With my personality and work ethic, I quickly realized that I needed to be an agent. I worked in the office as they helped me get licensed to sell insurance. I started as an agent in September, that's where my career began. I have been an agent for 9 months and it has greatly exceeded my expectations. I enjoy working with the public and helping retirees. Working with AmeriLife you have the ability to set your own work pace. With great clients, helpful coworkers, quality products, and a large support staff you have the potential to surpass all the goals that you set for yourself as a career. This is one thing I know because . . . I HAVE!!!!

Linda Millard

Branch Leader, Amerilife and Health Services of Citrus County

I did it! – And, so can you!

Why do I say that? Well, before joining the AmeriLife team I felt I had 3 strikes against me. First of all, I was older. Secondly, I had spent most of my life raising a large family of nine children. And finally, I was not really fond of Insurance Agents!

Little did this small Iowa farm girl know what was in store for her when she embarked on this scary new career four years ago. I shouldn't have worried because those three strikes against me quickly turned into a grand slam home run! Because here we have top-rated insurance carriers to work with, excellent training, support programs along with a good old fashioned mid-western work ethic has also contributed to this successful "new career" here at AmeriLife.

Besides raising a large family, I also worked in a retail situation, where a pin, a pat on the back and a pittance is what you received! Here at Amerilife, not only do you receive the recognition you so rightly deserve, but you are generously rewarded with trips, bonuses and an excellent income. In fact, the joke at our house now is that my husband John is a 'kept man" and guess what...he loves it!!!!

I can truly say I love working at Amerilife. My only regret is that I didn't discover them sooner. So, I'm encouraging you NOT to wait but to join our Amerilife team TODAY. You too can have the successful life and career you deserve and hit a grand slam home run every day!!

Janice Lassandrello

Branch Leader, Amerilife and Health Services of Lake County

In May of 2003, I walked into the Lake County Amerilife Office. As a licensed agent, I was interviewed and hired by Floyd Davison. Amerilife provided education classes each day to teach me products and everything else that I would need to succeed. Managers took me with them out in the field and helped me apply what I learned in the classes. At Amerilife, all the managers and agents work together as a team to help each other. Our corporate office supplies us with new exciting products to sell and acts as our support staff. We are given phone leads, mail leads, birthday cards leads, etc. The company offers plenty of places to go to see a client. Amerilife provides recognition programs such as dinners and picnic's. Year after year I have won many awards and many trips, I am grateful for all of this. My greatest accomplishment was in 2009, my number for the year end was over \$400,000, annualized premium. **This was an Amerilife record!** Thanks to all of the people that have helped me become a successful agent at Amerilife!
